Subject: **Re: re[4]: 1/3 Payment Confirmation**

Good Morning Dave:

Thank you for completing this requirement of Canon. As you know Canon is very strict with all of their policies and procedures so we did not want to have an issue so we did with this one.

The tank looks great! Amazing what paint can do!!!! We are very happy with not only with how nice the tank looks but were very impressed with your staff and their efficiency. Kudos to you!

I will contact the fleet manager to get more info. He will let me know if I will be able to work it along.

One last request. The color from the sample used looks so good and we would like to see more. When they come back to the US can you have them take them? We are looking at getting them. We appreciate it!

Thanks again and hopefully we can do business in the near future!

Patty
