Dave Scaturro

Painting Contractor

As president of the High Mountain Village Home Owner Association we hired Dave and his company to repair and paint cedar shake 94 Unit Townhouse community in Wayne, NJ. This unique community has a variety of color schemes and unit designs on a challenging terrain. Dave's team assessed the aging structures, provided unit by unit estimates of damaged, missing or rotted wood and replaced, primed and painted the exterior of each unit over the course of 10 months. His team was well managed, friendly, and efficient and did a great job performing the services requested. We have had the units painted before by other companies and Alpine exceeded our expectations. . March 10, 2009

Top qualities: Great Results , Personable , On Time

Kurt hired Dave in 2007.
