RE: Bethel Woods

Dear Sam:

As per our conversation, this letter is to confirm Alpine Painting Company as a preferred and established customer of Righter Group Inc./Tnemec Company.

To whom it may concern, Alpine Painting has been a steady customer of Tnemec Company for approximately 20 years and is trained in the application of the specified system of Series 1 and 73. We (Righter Group) have worked with Ben Scaturro Sr. and Sam Scaturro for several years and have found them to be very reliable and their work to be of the highest quality that we see in the NY metropolitan area. We keep in regular contact on virtually every project, and we find that Alpine regularly calls us with any questions, comments and/or concerns relating to any project we have going with them so as to keep us in the loop with what is happening with the application of our products. We submit that Alpine is more than capable of completing the work spelled out in the construction documents of the Bethel Woods project and encourage you to contact us with any and all questions.

Sincerely,

Christopher Gonnella – Righter Group  
Cc Phil Gonnella – Righter Group
