Dear Dave:

On behalf of the officers, board of trustees, staff, volunteers, and Lucy herself, please accept my sincere thanks outstanding job you and your company did in painting our National Historic Landmark. We are proud to extend our highest recommendation to Alpine. Your work was professional, expedient, and thorough. Your staff was respectful, courteous, and always mindful of their surroundings.

Painting Lucy the Elephant has always been a major undertaking and an extraordinary expense for our non-profit organization. Your kindness and commitment to community involvement made this process not only pleasant, but financially bearable.

It's rare, in today's world, to come across strangers who become friends; people who really do care. The Save Lucy Committee is grateful for all you have done for the Lucy and I am proud to have made a new friend.

All my best,

Richard D. Helfant
Executive Director/C.E.O.
