Chet,

I just wanted you to know how pleased we are with the project that your team has just completed the guys are outstanding workers they pay attention to every detail about the job from safety to the process of coating and blasting setting up the site I wish all the contractors that worked for me took as much pride in there work as the guys did as a project manager it was just a total pleasure to work with Evan ,Adam, Ryan and Anthony they are total professionals I never had to worry about any of the details I hope to do more work with you and your crew in the very near future. !!

Thankyou Dan
